RE: Application of Carolina Water Service, Incorporated for Approval of an Increase in Its Rates for Water and Sewer Services
Forty Love Point Homeowners' Association Sewer Service Report
Docket No. 2017-292-WS:

Dear Ms. Boyd:

Please allow this memorandum to serve as ORS' report for the month of March 2019 in response to Commission Order No. 2018-677. In the order, the Commission requests the ORS to monitor the work committed to by Carolina Water Service, Inc. (CWS) at Forty Love Point and report to the Commission on a monthly basis.

The monthly report contains an overview of ongoing and completed work as stated by CWS to address the sewer issues experienced in the Forty Love Point Subdivision.

1. For an overview of the completed and ongoing work for sewer service by CWS, please review the attached letter from CWS dated March 31, 2019. ORS has reviewed the information provided in this letter and finds it to be a reasonable update on the issues identified in this docket. According to the information provided to ORS, construction on

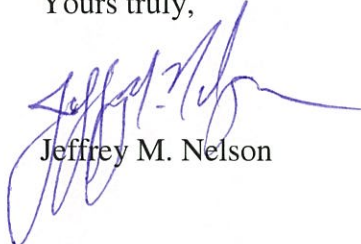

April 2, 2019

the long-term solution for the Forty Love community sewer problems, which is a wet-weather lift station, is nearly complete.

2. For the month of March, ORS did not receive any customer complaints for sewer service from residents of Forty Love Point. No one from the community contacted ORS about sewer related issues.

This concludes the monthly report in this matter for March 2019.

Yours truly,

Jeffrey M. Nelson

**RE: Monthly Update
Forty Love Point Sewer Improvements**

Dear Ms. Hipp:

This letter is being provided to give an update on the work being performed by Blue Granite Water Company at the Forty Love Point Subdivision in Chapin, SC as required by Commission Order No. 2018-677. The short-term solution to the sewer issues, which involved the installation of individual pump stations at three homes, has continued to perform as designed. Blue Granite Water Company has not received any sewer complaints from the residents since installation of the home pump units.

Construction on the long-term solution, which is a wet-weather lift station, is nearly complete. The contractor, Tri-County Utilities, has completed the installation of the force main in the right of way in-between the lift station being constructed and the existing Hiller Road lift station. The wet-weather lift station wet well and valve vault structures have also been installed. Force main pressure testing and the electrical work associated with the lift station are the remaining items to be completed. The project is expected to be complete by mid-April.

If you have any questions or concerns, please feel free to contact me by phone at (803) 960-5405 or email at MRcartin@bluegranitewaterco.com.

Sincerely,

A handwritten signature in blue ink that reads "Michael Cartin".
